Swedish Covenant Hospital  
**Associates' Board**

## Help out your community.

### Who we are

The Associates' Board, launched in 2002, consists of young adults in their 20s and 30s. This dynamic group raises funds, increases public awareness and performs community service on behalf of Swedish Covenant Hospital in Chicago.

### Fundraising

Our board members create and manage all events. In recent years we've hosted a variety of fun activities, such as bowling, happy hours and outings to local sports teams.

The proceeds we raise are directed toward innovative patient-centered programs that promote a healing environment. The Associates' Board plays an important role in advancing the mission of nurturing body, mind and spirit.

### Public awareness

Associates' Board members periodically help Swedish Covenant Hospital with events both within and outside of the hospital campus. This gives us a chance to talk to the public about the hospital and explain how our board contributes to its mission.

### Community service

Giving back to the community is the third facet of our mission. The Associates' Board has made contributions to Budlong Elementary School, helped out a local soup kitchen and assisted other nearby groups in need of helping hands. We are always looking for ways to help out Chicago and the surrounding area of the hospital.

## More members really means more fun.
